Subject: RE: Friendship rd sewer

Commissioner Cooper,

I have confirmed that GDOT will not allow longitudinal encroachment in Friendship Road for a forcemain but would allow a perpendicular crossing.

However, this does not change our recommendation that should be served by Hall County's sewer. I have sketched up two additional options that the developer has not proposed that would connect to our sewer.

Let me know if you have any thoughts or questions.

Bill Nash, P.E.

Any confirmation on the sewer line being placed in right of way?
